#### **Emphasis of Matter**

During financial year 2020-21, the Covid-19 pandemic resulted in a nation-wide lock down which substantially impacted economic activity. The second wave of the Covid-19 pandemic in April-May 2021 led to there – imposition of localised / regional lock-down measures in various parts of the country.

As described in Note 9 to the statement, in respect of accounts where NBFC's had granted moratorium up to six months on the payment of instalments which became due between 01 March 2020 and 31 August 2020 to all eligible borrowers. This relaxation did not automatically trigger a significant increase in credit risk. The NBFC continued to recognize interest income during the moratorium period and in the absence of other credit risk indicators, the granting of a moratorium period and in the absence of other credit risk indicators, the granting of a moratorium period did not results in accounts becoming past due and automatically triggering Stage 2 or Stage 3 classification criteria.

Further, as described in Note 10 to the Statement, no additional borrower accounts have been classified as impaired (non-performing assets) after August 31, 2020, in view of the Supreme Court order dated September 03, 2020.

Also as described in Note 11 to the statement, the extent to which the COVID-19 pandemic impacts the NBFC's financial performance is dependent on future developments, which are uncertain.
